# **1. WELCOME TO ANIMAL WORLD**

+

- With the continuous development of Blockchain technology , the trend of NFT as a whole, and specifically NFT game has become the latest and hottest topic at-tracting the attention of investors all over the world.

○

Rising form the trend, King of Animals 3D – The first Hyper Casual NFT Game build on the BEP20 platform- is ready to join the the field.

This is a high quality 3D graphics platform game with extremely simple gameplay. Our goal when creating this game was: Everyone can play to earn!

---

# Introduction

- + In the world of King of Animals, you will choose one of 25 species animals with hundreds of different colors. There are many lands in the game, with each game you will experience
- different lands. You can choose: fight alone or with your friends. Your task is to be the last survivor in each level. Kill enemies to become stronger and collect more items to upgrade yourself.
- 

Each animal has a different strength, some have a lot of health points, some are very fast and some are very powerful. Becareful and become the king of animals.

---

## 2.ANIMALS AND ITEMS

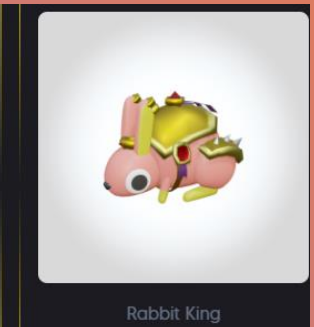

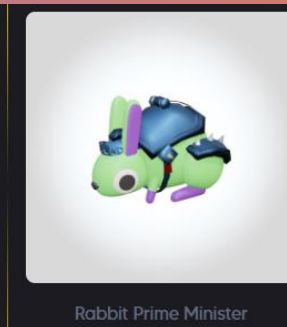

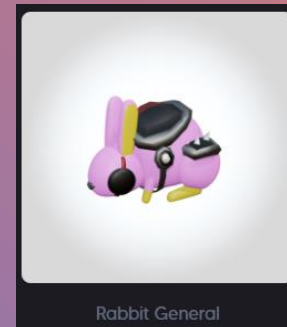

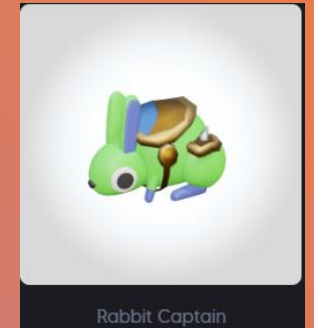

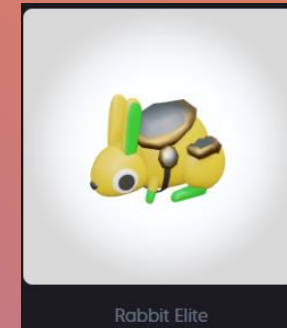

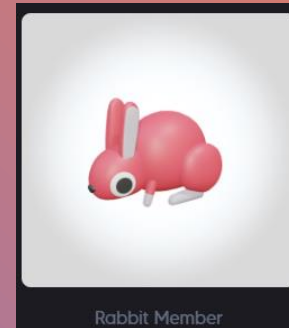

- + There are currently 25 species animals available for sale in marketplace. There is unlimited to the number of animals that will be sold. They are visually distinct because of their colors.
- You can buy animals NFT from :
- <https://kinganimals.com/marketplace>

### 3. GAME PLAY

# GAME MODE

King of animals have two mode:

## 1. Single play mode

You play PvP alone.

You join in a match against many other single players. Every time you kill a player you get that person's health points. You can collect meat coins and normals items in the game. You will win as the last survivor of the match.

## 2. Guide play mode

You play with your team.

First, you have to make friends with other players. You will choose the mode of Guild play, then invite your friends in the online friends list to join the match. Wait for the other team and start fighting . You will win when your team clear all the players of the enemy team even if you were killed in the game.

# Game Mechanic

Game Mechanic:

- 1. Mechanic IO
- + 2. To move:
  - move your finger on the screen
- 3. To attack:

Bring the enemy into the yellow line of sight in front of you and release your finger
